OBJECTIVE

Highly motivated and passionate IT graduate with a strong foundation in software development, web technologies, and database management. Adept at problem-solving and leveraging programming expertise to build innovative and efficient solutions. Seeking an opportunity to contribute my skills in a dynamic, growth driven environment while continuously enhancing my technical expertise and driving impactful projects.

EDUCATION

- **SSLC:** Little Flower Matriculation School | Grade:98.4% **Gudiyatham,Vellore.2019-2020**
- **HSLC:** National Higher Secondary School | Grade:79.5% **Gudiyatham,Vellore. 2021-2022**
- **Kingston Engineering College** **Katpadi,Vellore.2022-2026**
B.Tech (Information Technology)| CGPA: 8.32/10

SKILLS

- **Programming Languages:** Python, C and java(Basic)
- **Web Development:** HTML, CSS, JavaScript, MERN Stack
- **Tools :** SQL, Microsoft Word
- **Platforms:** GitHub, Eclipse, IDLE, Visual Studio Code
- **Soft Skills:** Team Management, Time Management

CERTIFICATIONS

- **Fundamentals of Networks:** | [Certificate](#) **May-5 to May-12 2023**
-The interconnection of devices or systems to share resources, exchange data, and enable communication.
- **Media content Development:** | [Certificate](#) **September-25-2023**
-On creating, designing, and producing engaging and impactful content across various platforms and formats.
- **Python for Data Science:** | [Certificate](#) **July-August - 2024**
-Python's libraries and tools for data analysis, visualization, and machine learning to gain insights from complex datasets.(NPTEL)
- **Basics of python(Infosys Springboard) :** | [Certificate](#) **September-25-2024**
-simple syntax, versatile data types, and core programming concepts like variables, loops, and functions

INTERNSHIP

- **Web Designing & Development Internship**(Prompt Infotech)(Online): | [Certificate](#) **August-19 to 23-2024**
Skill Development: Gain hands-on experience in creating responsive and visually appealing websites using HTML, CSS, and JavaScript, while learning to implement modern design principles and frameworks. Done at

PROJECTS

- **INQUIRE AI QUIZ APPLICATION:**| [LINK](#) **August-2024**
User-Friendly Interface: Using HTML for structure, CSS for styling, and JavaScript for dynamic functionalities.
Role: Testing and Deployment.
Technology Used: HTML,CSS,JAVASCRIPT.
- **WEATHER Forecast APPLICATION:**| [LINK](#) **October-2024**
Role: Coding and Deployment
Technology Used: HTML, CSS, JavaScript
Overview: Developed and deployed a Weather Report application that provides real-time updates on weather conditions, forecasts, and alerts, helping users stay informed and prepared.
- **TODO LIST** |[LINK](#) **July - 2024**
Role: Development, Testing, Deployment
Technology Used: HTML, CSS, JavaScript
Overview: Developed, tested, and deployed a To-Do List application. It allows users to add, edit, and delete tasks through an intuitive interface, improving task management efficiency
